

Creating Lasting Family Connections®

Phoenix Health Programs

can help families living in Boone County prevent alcohol/drug problems for children ages 9 through 21 years

Are you a worried parent because

- Your child's emotional issues cause conflict or problems at school /home?
- You suspect or know your child uses alcohol, tobacco or other drugs? **OR**
- Your child's parent /sibling/or friends use drugs & you are concerned s/he will too?

How important is it to you to do all you can to prevent drug problems for your children? Your family?

Do you want to create lasting family connections?

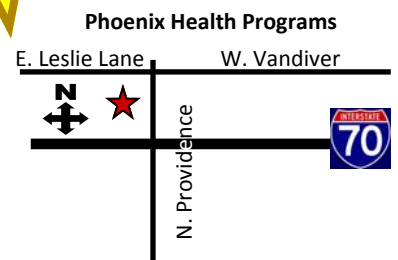

We can help. Wednesday evenings. 6-7PM.

Call Kara at Phoenix Health Programs.

573-875-8880 x2115

This prevention opportunity made possible by Boone County Children's Services Funds.
